INTERMEDIATE: STANDARD DUTY

RACK REPAIR KITS

INTERMEDIATE Repair

The Intermediate Pallet Rack Repair Kit is designed and engineered to repair mid to upper frame damage. It eliminates the need for an excessively tall repair kit. Constructed of a post and a reinforced backer column for added impact resistance.

This "Mac Rak exclusive" kit reuses undamaged factory bracing or accommodates new bracing when needed. Accommodates all beam heights while maximizing your repair budget. Exact punch style match allows for maximum beam adjustability.

Categories:
Pallet Rack Repair Kits, Super Heavy Duty
